

MORROW PROTESTED AGAINST PARDON OF TOBACCO GROWERS

U. S. Attorney General At Washington Quotes Records On Republican Candidate—Cantrill Tells Bethurum To "Make Good"

Edwin P. Morrow DID appear in the prosecution of Grant county tobacco growers in 1912, and after they were convicted in Federal court of pooling their crops to get a better price the Republican candidate for Governor wrote a letter protesting against their pardon.

Congressman Campbell Cantrill has proven true every statement he has made against Mr. Morrow. In a debate with Cantrill at Irvine. Judge Bethurum of Somerset, said that if Cantrill could show that Morrow had been interested in the case at all or had protested against the pardons for the tobacco growers, that Morrow would withdraw as a candidate for governor. It is now up to Morrow to withdraw, if he is willing to make good on Bethurum's pledge.

The Attorney General of the United States in a letter to Mr. Cantrill exposes the position that the Republican candidate for governor took against the tobacco growers of Kentucky. Mr. Cantrill has just made the following statement about the matter, quoting also a letter from the U. S. Attorney General at Washington.

Cantrill's Statement
"I will state again what I said in my first speech at Winchester that Mr. Morrow was the District Attorney when the case of the Grant county farmers was before the Federal Court and that his name was of record in the case as attorney."

"Mr. Morrow has stated that he had no connection whatever with the case. Mr. Morrow was appointed Attorney by President Taft on January 31, 1911. The case of the Grant county farmers was affirmed, as the records of the court will show, on January 22, 1912—almost one year after Mr. Morrow was commissioned as Federal Attorney. Mr. Morrow's name appears on the record as attorney for the prosecution. Mr. Morrow says he had no connection whatever with the case. Then why did he write a letter to the Attorney General on Feb. 2, 1912, protesting against the pardon of the Grant county farmers? It is well known that I was appealing to President Taft to pardon the Grant county farmers, and that I had formally called on him at the White House and had presented the facts in the case to the President. While I was making an effort to secure this pardon, the farmers of Kentucky should know that Mr. Morrow went out of his way to write a letter to the Department of Justice, protesting against their pardon.

"In the joint debate between Judge Bethurum and myself at Irvine last Monday Judge Bethurum stated that Mr. Morrow did not write a letter to the Department of Justice protesting against the pardon of the Grant county farmers. Judge Bethurum also challenged me to prove that Mr. Morrow now candidate for Governor, did write a letter to the Department of Justice protesting against the pardon of the farmers. Judge Bethurum stated that if I would prove that such a letter was written by Mr. Morrow he would guarantee to the people of Kentucky that Mr. Morrow would withdraw from the race. I accepted Judge Bethurum's challenge, and I now give to the people of Kentucky a letter which I have to-day received from Hon. A. Mitchell Palmer, Attorney General of the United States. The letter is as follows:

"The Department of Justice, Office of the Attorney General, Washington, D. C., October 16, 1919.
"Hon. J. Campbell Cantrill, House of Representatives, Washington, D. C.—My Dear Mr. Cantrill:

"In response to your inquiry as to whether the United States Attorney for the Eastern district of Kentucky made a recommendation on the application for pardon of John S. Steers, Perry Simpson, J. S. Carter, et al., as stated by you in a recent speech, I wish to advise that the records of the department show that Edwin P. Morrow, then United States District Attorney, in a report of February 2, 1912 stated that he was familiar with the case and in his opinion the defendants were guilty and he saw no reason why the fine imposed by the court for this violation should be pardoned. Very truly yours,

"A. MITCHELL PALMER, Attorney General of the United States."

Mr. Morrow, in his speeches, has publicly declared that he knew nothing whatever about the case of the Grant county farmers; but in his letter to the Department of Justice he stated that he was familiar with the case and being familiar with the case he protested against their pardon.

Judge Bethurum was chairman of the convention at Lexington that nominated Mr. Morrow and was the chosen spokesman of his party. I now call upon him to make good his promise to the people of Kentucky and withdraw his candidate, before he meets with overwhelming defeat on the 4th day of November. Judge Bethurum's candidate for Governor has in numerous speeches, stated that I was not dealing fairly with him and that I was misrepresenting him.

WHOLESALE SUGAR PRICE PUT AT 10 CENTS

Government Acts to Prevent Profit-taking As Result of Sugar Famine Now On

(By Associated Press)
Washington, Oct. 20—The department of justice today notified the beet sugar refiners that a charge for sugar in excess of 10 cents a pound wholesale will be considered a violation of the food control act of the United States. The sugar equalization board has held 11 cents a pound, a fair retail price for sugar.

This step was taken by the Department of Justice to prevent abnormal sugar price increase because of the existing shortage. Refiners are asked to concur in the ten cent price which would mean they put their supply on the market immediately thereby relieving the stringency. The price to the wholesaler has been nine cents. The new price would mean an increase of one cent a pound. Retailers have been allowed to charge 11 cents while the Department of Justice nor the sugar board stated what the new retail price would be, it was assumed the increase would not be greater than the wholesale advance.

FOX HUNTERS MEET AT COLLEGE HILL

Fox hunters from all this section of Kentucky are at College Hill this week attending the annual meeting of the Central Kentucky Fox Hunters Association. F. L. Cassill, of Tallahassee, Fla., came along ways to attend the meet. He bought a number of fine dogs here several months ago.

The Derby stake was started Monday. The Bench Show will be held Tuesday and on Wednesday the All-Aged stake will be run. The weather is splendid for the meet and a great time is being had by the boys. Some splendid dogs are being shown, and as usual, old Madison bids fair to come out with a big portion of the honors.

"Frank", the entry of L. B. Shouse, of Lexington, won the derby for dogs under two years, which was run under the auspices of the Kentucky Fox Hunter's Association at High Grove last week. Twenty-nine dogs took part in the race, which started at Kimble's Run, near Stansbury. "Herion", belonging to Sam L. Woolridge, of Versailles, and the same owner's "Long Run" were second and third.

"Jane", the entry of Dr. W. E. Fallis, of Louisville, was fourth, and Dr. Michael Casper's "Chick" fifth. A silver loving cup, the gift of Mrs. E. S. Allen John D. Allen, W. I. Allen and W. E. Fallis, all of Louisville, was presented to Mr. Shouse and it will be engraved with the name of the winning dog and owner and late. Mr. Shouse will hold it for a year. It will become the permanent property of any owner winning it three times in succession.

Oscar Stallard, of Fairfield, was elected master of hounds.

The above letter from the Attorney General shows that I was telling the facts and the truth and that Mr. Morrow was the one who was undertaking to mislead the farmers of Kentucky.

"The people of Kentucky, by reading the above letter, can now decide who stated the facts. I would never have made any statement concerning the matter had I not been sure of my ground, for under no circumstances would I misrepresent Mr. Morrow, or anyone else. Although Mr. Morrow protested against the pardon of these farmers, President Taft—one of the greatest Judges who ever sat on any bench—gave them a full pardon at my request, and by so doing showed how little he thought of the opinion of Mr. Morrow in this case."

"No one has ever contended that Mr. Morrow was District Attorney when the case of the Grant county farmers originated in the Federal Court. There were two trials of this case, one in the lower Federal Court and the other in the Federal Court of Appeals. Mr. Morrow was appointed District Attorney while the appeal was pending before the Federal Court of Appeals, and was District Attorney. There was a year's difference between the trial in the lower Federal Court and the Circuit Court of Appeals. Mr. Morrow now undertakes to dodge the entire issue by stating that he was not the District Attorney when the case was tried in the lower court. He has never denied that he was District Attorney when the case went before the Federal Court of Appeals, and he will not dare deny that he wrote a letter to the Department of Justice at Washington protesting against the pardon of the Grant county farmers. Nor will Mr. Morrow dare affirm that he instituted, while District Attorney, any suit to prosecute the Tobacco Trust which was grinding the farmers of Kentucky into dust."

MAGISTRATES TO TALK GOOD ROAD PLANS

Important Meeting To Be Held Tuesday Morning To Which Taxpayers Are Invited

Every business man, farmer, or taxpayer of any sort who is interested in good roads, either for or against them, or for or against the proposed 20-cent road tax, is requested to meet in the county court room at 10 o'clock Tuesday morning. At that time the Fiscal Court will meet and consider the matter of naming a Citizens' Committee to co-operate with it in formulating a road program for Madison county in the event that the taxpayers vote the proposed 20-cent special tax on November 4.

The very satisfactory experience of the city of Richmond with a citizens committee who are co-operating with the city council in charge of the street paving and sewerage improvement led to the suggestion that a committee of farmers and business men from every section of the county to have charge of the road building program of the fiscal court, would give a confidence to the people in voting this additional tax that could be secured in no other way. Men who have said they were against the road tax, as at present planned, have stated that with a committee of private citizens, farmers and business men, in charge, they will support the tax and work for it.

This question will be threshed out at the meeting of the Fiscal Court Tuesday morning. Those who oppose the tax are requested to be present, as well as those for it. The opinions of all are desired. Those who are for the tax and want to see Madison go forward with her sister counties in securing good roads, are anxious to know the grounds upon which many oppose it. They feel that there are no reasons why any man who opposes it, that cannot be overcome. A free and general discussion of the matter will do a lot of good, and every public spirited citizen who can possibly do so, should be present.

Madison cannot allow her roads, to go on in present conditions. Her pikes will all be dirt roads if she does. If those who are against voting this special tax have a better plan to improve the roads, they should come out boldly and say so, and not sit around and criticize and condemn without offering a better plan or telling what they have against the present one.

HOWARD TAYLOR ABLY DESCRIBES "Y" WORK

Stirring and Convincing Address Delivered By Berea Man Who Did A Man's Part In War

Mr. Howard S. Taylor's address in the Christian church Monday night was one of the most stirring addresses that has been heard in Richmond from an overseas man, and made a fine impression upon the large audience gathered to hear him.

He had a story to tell and it was well told. In simple, forceful speech he related his experiences during the 18 months he served as a "Y" man in overseas work, depicting graphically both the humorous and the pathetic side of his experience in a way that provoked both tears and laughter.

His portrayal of the burial at sea of the 18-year-old soldier lad, who died soon after leaving New York, was very impressive, but the sad thoughts induced by this recital were quickly dissipated as he humorously related his experiences in sea-sickness and his discovery that parsnip was the only vegetable that "tasted the same both coming and going."

The tremendous task undertaken and accomplished by the Y. M. C. A. overseas was presented by Mr. Taylor in a most illuminating and convincing way. His explanation of the way in which most of the criticisms of the work of this great organization originated was most satisfactory and convincing. Nearly all of this criticism, the speaker said, grew out of the canteen which was forced upon the "Y" by the government. Gen. Pershing ordered the "Y" to take over the canteen or abandon the field. It was a gigantic task for which they were unprepared and involved an immediate and tremendous expansion of their work. Eighteen hundred trucks were at once purchased, a large force of additional men hastily gathered from every available source, and emergency men and materials of various kinds hastily collected for this new duty.

Some irresponsible men were picked up in this sudden collection, and were discharged as soon as discovered.

The "Y" maintained 1680 huts and did a business for the government and the "Sammies", (sending money home for them) aggregating two hundred and thirty-five millions of dollars.

The difficulties of handling the canteen the speaker said were enormous and but little appreciated by the people at home. There were times when supplies for the canteen ordered from America were delayed for lack of shipping facilities, as the vessels engaged for this purpose, were commandeered by the government as transports for conveying troops.

To meet the emergency the "Y" leased factories that had been shut down by the French and began the manufacture of these goods in France. Thousands of tons of sweet biscuit, wafers and chocolate were manufactured by the "Y" for the "Sammies".

Referring to the criticism that the Y charged for goods that should have been given to the soldiers, the speaker explained that the field of service in France was divided into two zones, one the combat zone, the other the zone in which there was no fighting. In this latter zone all goods were charged for by order of the government. They were not allowed to give goods away in this zone. In the combat zone where this order was not in force the Y gave away three and a half million dollars worth of goods to the soldiers.

Referring to the reports of overcharges by the speaker cited an instance in which a soldier complained to him that he had been charged forty-five cents at one of the canteens by a Y man for a comb. He went with the soldier to the canteen and found the Y man who had made the sale, and found that the combs were marked "45c" which meant not forty-five cents but forty-five centimes (French money). This in U. S. money is just nine cents and this was what the soldier had paid for the comb.

The speaker admitted that mistakes had been made by the Y, some very grave ones—but so had the government—and it was to be expected. But the mistakes of the Y seemed small in comparison with its splendid achievement in its vast ministry of service.

SOLDIERS TO BREAK STRIKE ON WATERFRONT

(By Associated Press)
New York, Oct. 20—Five hundred soldiers of the regular army were landed here today to end the congestion at army piers in Brooklyn caused by the longshoremen's strike. The men are under orders to "shoot if necessary." The soldiers were landed after Secretary of War Baker refused the request of Mayor Hylan to defer it until after a further conference with the union. Baker said he intended to move the transports as a war measure.

SAYS SOVIET SOCIETY EXISTS IN PITTSBURG

(By Associated Press)
Washington, Oct. 20—Resuming the investigation of the steel strike, the Senate Labor Committee today examined Jacob Margolis, of Pittsburgh, who said he was an attorney for the I. W. W. and "Syndicalist Anarchist." He said he is opposed to war, wouldn't resist an invading army, and personally would not resist a marauder who wanted to take his coat or his wife. Asked if the I. W. W. is trying to organize a Soviet in this country, he said, "Well, an industrial rather than a political soviet."

Margolis said a Margolis local society existed in Pittsburgh, Duquesne, Homestead, and other Pennsylvania steel centers and at Youngstown, O. Margolis said the members stood for an anarchistic communism Soviet government of the Lenin and Trotsky type. Margolis asserted if left alone it was much better than anything offered in the United States. The witness indicated Secretary Foster, of the steel strikers committee, was a syndicalist whose idea was to retain his views and get leadership in the American Federation of Labor with which to forward them.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause; and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood

of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

1/3 Less Coal— 1/2 More Heat

You can save from a third to a half of your fuel and have a much warmer home than ever before if you will install a CALORIC.

The CALORIC is the remarkable furnace that heats without pipes, through only one register. It circulates heat by Nature's own method, forcing warm air up into the entire house and drawing cool air down into the furnace to be reheated and purified.

The CALORIC heats practically all types of homes, bungalow or three-story house, up to eighteen rooms. It keeps kitchens and back bedrooms just as comfortable and warm as the rest of the house. Also heats churches, factories, stores and other business buildings. More than 50,000 already installed.

The CALORIC can be installed in new or old houses—no cutting of walls for pipes and no interference with present system of heating. It burns coal, coke, gas, wood or lignite, and saves from one-third to one-half the fuel.

GARY REAFFIRMS OPEN SHOP DEMAND

(By Associated Press)
Washington, Oct. 20—Reaffirming the refusal to negotiate with representatives of labor unions not employees of the plants, the United States Steel Corporation through E. H. Gary, chairman of the corporation's board of directors, today informed Chairman Lane of the National Industrial Conference, and Frank Morrison, Secretary of the American Federation of Labor, that he would not recede from his stand for an open shop. Gary is understood to have expressed a fear of consequences of further recognition of the labor unions.

The effect of his announcement on the Industrial Conference remained to be developed at the afternoon session. Gary, who was appointed by President Wilson as a representative of the public, attended the conference for ten days then went to New York where it is understood he conferred with officials of the steel corporation. His pronouncement today was the first made on the collective bargaining issue since the conference began.
